In accordance with 37 C.F.R. §§ 1.36 and 10.40, the undersigned attorney of record applies withdrawal from representation of the above-identified patent application for the following reason(s):

CFR §10.40

(c) **Permissive withdrawal.** If paragraph (b) of this section is not applicable, a practitioner may not request permission to withdraw in matters pending before the Office unless such request or such withdrawal is because:

(1) The petitioner's client:

- ☐ (i) Insists upon presenting a claim or defense that is not warranted under existing law and cannot be supported by good faith argument for an extension, modification, or reversal of existing law;
- ☐ (ii) Personally seeks to pursue an illegal course of conduct;
- ☐ (iii) Insists that the practitioner pursue a course of conduct that is illegal or that is prohibited under a Disciplinary Rule;
- ☐ (iv) By other conduct renders it unreasonably difficult for the practitioner to carry out the employment effectively;
- ☐ (v) Insists, in a matter not pending before a tribunal, that the practitioner engage in conduct that is contrary to the judgment and advice of the practitioner but not prohibited under the Disciplinary Rule; or
- ☒ (vi) Has failed to pay one or more bills rendered by the practitioner for an unreasonable period of time or has failed to honor an agreement to pay a retainer in advance of the performance of legal services.

☐ (2) The practitioner's continued employment is likely to result in a violation of a Disciplinary Rule;

☐ (3) The practitioner's inability to work with co-counsel indicates that the best interest of the client likely will be served by withdrawal;

☐ (4) The practitioner's mental or physical condition renders it difficult for the practitioner to carry out the employment effectively;

☐ (5) The practitioner's client knowingly and freely assents to termination of the employment; or

☐ (6) The practitioner believes in good faith, in a proceeding pending before the Office, that the Office will find the existence of other good cause for withdrawal.

Status of Application Prosecution:

The above-identified application has an outstanding Office Action, the final date with a three-month extension of time to reply expiring on January 21, 2007.

MPEP 402.06 Attorney or Agent Withdraws

...

The Commissioner of Patents and Trademarks usually requires that there be at least 30 days between approval of withdrawal and the later of the expiration date of a time period for reply or the expiration date of the period which can be obtained by a petition and fee for extension of time under 37 CFR 1.136(a). This is so that the applicant will have sufficient time to obtain other representation or take other action. If a period has been set for reply and the period may be extended without a showing of cause pursuant to 37 CFR 1.136(a) by filing a petition for extension of time and fee, the practitioner will not be required to seek such extension of time for withdrawal to be approved. In such situation, however, withdrawal will not be approved unless at least 30 days would remain between the date of approval and the last date on which such a petition for extension of time and fee could properly be filed.
